

IGE-BELLO OLUWASEGUNFUNMI

UI, UX & WEBSITE DESIGNER

SKILLS

COMPUTER

High Proficiency with Windows, MacOS and Linux
Excellent with current main-stream computers
and very good at adapting.

APPLICATIONS

Adobe XD and Figma
Constant usage of both Adobe XD and Figma
has made satisfactory results.

DESIGN

Design experience includes but not limited to
C.V./resume designs, application design, website
design and publication design.

MISCELLANEOUS

Familiar with various programming languages
such as html, css, javascript and python.

Programming frameworks and libraries also
include Django, bootstrap and jQuery.

EDUCATION

LANDMARK UNIVERSITY

BSc in Computer Science.
August 2024

WORK EXPERIENCE

CEEPLASTIC

Web Designer Webpage Designer 2/2022 - 4/2022

Designed a website landing page for an
organization that deals with plastic.

CULINARY BLISS RESTAURANT

Web Designer Personal Project 4/2023 - 5/2023

Designed a concept website landing page for a
project dedicated to making dynamic websites
for Nigerian restaurants. I designed the landing
page in a way that focused on using two
random main colors without affecting the
overall motif of the website.

LU CHAT APP

UI/UX Designer Personal Project 10/2022 - 11/2022

Made a layout design of an app for students
in Landmark University. I took inspiration from
WhatsApp.

XTATE PROJECT

Web Designer Webpage Designer 6/2022 - 7/2022

Designed a real-estate landing page for an
organization called Wetech.

FREELANCE DESIGNER

2/2022 - Present

Clients include advertising companies,
technological establishments and design
agencies.
